

Trimester Plan Voted Both Good and Bad

Gateway

VOL. XL OMAHA UNIVERSITY NO. 19
OMAHA, NEBRASKA, FRIDAY, MARCH 10, 1961

Cancel Ft. Lauderdale Trip; Spring Vacation Only 3 Days

By Gary Swanson

Yes, it is true. The Registrar's office is right; the calendar on the second floor of the Student Activities Building is right, and the calendar of events for the second semester 1960-61 in the University of Omaha's catalog is right: They say that Omaha U. students will have only three days of spring vacation this year.

Spring vacation will begin Wednesday, March 29, at 9:40 p. m. and classes will resume Tuesday, April 4, at 7:30 a. m.

You might think "there goes my trip to Fort Lauderdale," or perhaps, if you're more inclined to be the studious type, you might complain that you've been deprived of some prime study time.

Whether your plans for vacation called for some strictly leisure living or catching up on studying, you had better adjust them to this year's shorter vacation period.

The curtailment is due to the requirement that there must be 75 class days in each semester. Because of the full week of vacation between semester breaks, the usual week of spring vacation has been cut to three days to meet the class-days requirement.

The shortened spring vacation will have no effect on the length of the regular semester. The last day of classes will be Thursday, May 25, with final examinations beginning May 26 and running through Friday, June 2.

Psych Dept. Adds, Revises Courses

Eight new courses have been added to the psychology department and two courses have been revised to give Omaha University students a better foundation for graduate study.

Due to an American psychologist survey taken last December which summarized requirements of 162 schools, OU has brought its program in line with other colleges throughout the nation.

General Psychology 201 and History and Current Trends in Psychology 501 have been updated.

New courses include: Clinical Psychology 441, Human Engineering 461, Psychology of Learning 301, Psychometric Methods 312, Experimental Psychology 421, Physiological Psychology 423, Personality Theory 443 and Topical Seminar 591.

Candidate Petitions For Queen Ready

Candidate petitions for Junior Prom Queen may be checked out beginning Monday in the Student Center's Dean of Students Office. Any junior co-ed in good standing is eligible to run in the all-school election April 5.

Petitions must be circulated and returned to the Dean's office in the Student Center by 4:45 p. m. Friday, March 17. The Junior Prom is scheduled for April 7. Rules for the election will appear in next week's Gateway.

Bootstrappers Invited To Bid Adieu Sunday

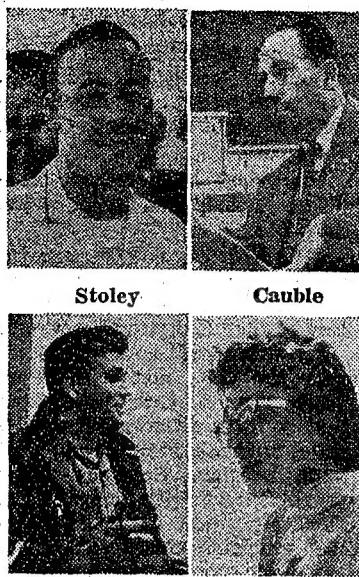

A farewell party for all departing bootstrappers will be held Sunday, March 12, from 4 to 6 p. m. at the Sixteenth Corps officers' club, 21st and Woolworth. Host for the event will be the Pen and Sword Society.

Guess who saw the photographer.

Some Want 3-Year Degree; Others Like Summer Break

By CAROL SUE CHILD

Though the trimester plan invoked little enthusiasm from University administrators (as revealed in last week's Gateway), students are more receptive to its consideration and in some cases favor its adoption.

A random series of interviews produced a variety of opinions and brought to light many advantages and disadvantages of the three-year-degree system.

Nancy Reasoner, a senior, said she, personally, "wouldn't mind" the trimester plan but added that "I don't think most students would like it."

"We don't do our best work when we get tired of school—attending 11 months without a lengthy break would cause inferior work," she said. "Even at this time of year we become apathetic."

The trimester is a good idea, according to Charlie Wertz, a junior, "but it is not needed on the campus now. The present set-up is satisfactory until the situation changes radically. I attend summer classes and go 11 months of the year anyway."

Freshman Mike Stoley would rather graduate in three years. "Having been in the service, I'd like to finish school as soon as I can. I think most students would learn more this way."

Co-curricular life would be curtailed, said Carol Robinson, senior. "This three-year fad is destroying the idea of any form

Plans Begun For Ma-ie Day

The Student Council Tuesday passed a deadline for float completion in this year's Ma-ie Day celebration.

All organizational floats must be in the Fieldhouse by 9 p. m. on the day before Ma-ie Day. Floats brought in after 9 p. m. may appear in the parade but will not be judged.

Last minute touches, it was also decided, may continue until midnight but only work on the princess's floats may continue afterward.

Attempts would be made to secure the Fieldhouse two days in advance of the Holiday. The rulings do not apply to decorated cars.

Long range discussions of Ma-ie Day activities came in response to a statement last week by Dean of Students Donald Pflasterer that "the administration has no intention of taking away the students' Holiday." However, he added, an administrative committee has asked for long range planning to avoid the "confusion of last year's festivities."

Phones to Buzz During Fund Drive

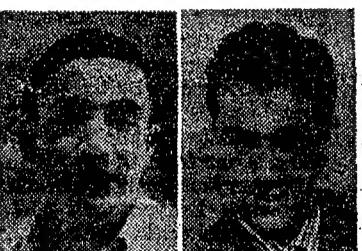

Telephone lines from the Alumni Office in the Student Center will be carrying a heavy load of calls to all parts of the country this week as the Alumni Fundraising Drive gets underway, said Betty Davis, Executive Director of the Alumni.

Six extra phones were installed to enable solicitors to make personal contact with Omaha University alumni throughout the U. S. The campaign will continue for five days starting Monday, March 13.

The official kick-off for the drive will be a half-hour program tonight at 10 p. m. It will be carried by radio station KNON and will be in a humorous vein, Mrs. Davis said.

In addition to the calls from OU, there will be Alumni representatives calling from 15 cities throughout the country, contacting OU grads in their areas.

The goal for 1961 is \$10,000, Mrs. Davis said. The drive will be concluded with a Victory Report banquet, March 23, to be hosted by Dr. Ball.

of social expansion to counter-balance the stilted classroom outlook. Most students are not so socially adjusted enough to leave college in less than four years."

The possibility of a difficulty in transferring trimester credits for graduate work concerned Bob Selders, a junior. "Besides, I enjoy summer vacations—three months, not one."

As a graduate student, Mrs. Dorothy Dustin sees the plan as "advantageous to those planning to work on a master's. And a great proportion now need this degree."

Sophomore Lou Gorr terms three years of college "a good idea" but was doubtful of the benefits because "those working their way through school have the summertime, in many cases, as the only time to earn their tuition."

One of the major questions heard was voiced by Luis Inserra, a senior.

"What good would it do a student to graduate before he is 21 years old?" he asked. "What kind of a job can a minor get?"

A bootstrapper, Richard Cauble, thought the full-year system might be hard on instructors but favored the idea as "it would give the bootstrappers a chance to acquire two or even three full units of work and would offer a wider choice of degrees."

Beyond 30

For quite some time we had a sizeable pile of sandbags gracing our front door.

They just laid there.

Then, one night this week, an alert motorist found a good use for them: Temperatures dropped below freezing and what had been a wet stretch of pavement became icy.

Sensibly, the passer-by saw a remedy, slashed open a couple bags and spread sand over the treacherous area. 'Twas a fine gesture.

But red lights must have flashed and buzzers buzzed downtown because in virtually no time a city truck appeared and hauled away our lovely barricade.

"Can't have them put to good use," some one must have observed.

So now they're gone.

What do we have in their place? If you've been anywhere near the spot you couldn't have missed those gaudy "hazard markers."

I don't know what it is about us out here but we must be dangerous. First they wall us in and now we're marked-off like a radio-active zone.

Then there's that colossal super-highway that was announced Monday. Four lanes of pavement to run from downtown right out to the campus. It's going to have an interchange and everything—wow!

Really though, folks, all we wanted was a little drive or something to get us to class without making an overnight trip out of it.

That thing ought to be jimdandy—when they get it done.

But has anyone thought about that lengthy period when it's being constructed?

We're going to develop a trauma or something by the time everything is completed. First we're told to "adjust" and enter the campus from the south.

So everybody gets used to driving down Leavenworth and in through the park. No left turns off Dodge, you know.

Now what happens when the bulldozers come and seal off that entrance, too?

I wonder what the facilities for cars amount to at Creighton?

Bleeders Donate More Than in '60

Activities in the Student Center turned from social to service when the Red Cross Bloodmobile arrived March 2. One hundred thirty-five students donated blood barely surpassing the 131 total of last year.

Sigma Kappa gave 12 pints; Alpha Xi Delta, five; Chi Omega, one. Independent Students gave three pints. Sigma Phi Epsilon gave 18 pints; Theta Chi, six; Lambda Chi Alpha, four; Tau Kappa Epsilon, three. Pi Kappa Alpha gave 35 pints the previous week.

The Blood Drive has been a contest between campus fraternities and sororities each year in the past. A trophy has always been awarded to the group donating the most blood. Whether the Student Council will give the traditional trophy this year is undecided as yet.

Curt Seimers, assistant dean of student personnel, said that the Student Council hoped to get more donors this year without publicizing a contest.

Miss Virginia Anderman of the Red Cross was in charge of the drive.

Chem Tele-lecture Features MIT Prof

The annual Tele-Lecture, sponsored by Omaha University's Chemistry Department, will be delivered by Dr. Charles Coryell of the Massachusetts Institute of Technology April 22.

Dr. Coryell will lecture on "The Chemistry of the Creation of the Heavy Elements."

Happy Birthday Student Center

One year old!

Dig Out Baby Pix, Girls; Be a Queen

Rules have been announced for the Student Center Birthday Queen contest to be held next week.

Any co-ed may enter, either independently or representing a campus organization.

Selection will be based solely on baby pictures submitted by the candidates.

The photos, taken at an approximate age of one, must be no larger than four by six inches and must be submitted to the information desk in the Center no later than 5 p. m., Tuesday, March 14.

Pictures will be posted outside the Ouampi Room Wednesday through Friday. Students will vote between 2 and 3 p. m. Friday.

'Energy Replaced Human Bondage'

"Man was freed from slavery when energy was harnessed," maintains Professor John McMillan, head of the Omaha University physics department.

This is but one of the contributions of physics to humanity which McMillan will point out when he speaks at the Legacy of Man lecture March 14.

"Some humanists, no doubt, will not agree that energy freed man," McMillan said. "But man would have been a slave forever to his way of life without machines. And the harnessing of energy made machines possible."

To illustrate the point, McMillan said, every person's kitchen has as many slaves, in the form of appliances, as George Washington had for his plantation.

Legacy of Man lectures are presented each Tuesday at 8 p. m. in the Conference Center Auditorium.

Debaters Primed For District Meet

At least 44 students and judges from colleges over a nine-state area will be on the OU campus March 20 and 21 for the District 4 Qualifying Debate Tournament.

Thirty-three schools, including OU, have applied for participation in the tourney. Twelve will be picked and will send teams of two men and two judges to Omaha. The University's team has never tackled anything of this size, according to Mr. Aldrich Paul, head of the speech department, but he has hopes of the OU team being among the 12 picked.

If the OU team is selected it will be composed of Max Voigt, Alan Henderson or Rod Hansen.

The tournament, disputing the pros and cons of compulsory health insurance, will be composed of eight rounds, round-robin style. Three judges will view each round. It will be held in the conference rooms of the Student Center.

Winners will participate in the National Debate Tournament April 20-23 at West Point, New York.

OU Bootstrappers Are Doers, Not Talkers

By a Bootstrapper

Cliches seldom change, but the one about "everybody talks . . . but nobody does . . ." has its exception right here at Omaha University.

The group that has done something is the Pen and Sword Society.

What did they do? They met a need felt by many students attending Omaha University by way of the "Bootstrap" program.

"Bootstrappers" come from all over the U.S., and when they reach Omaha, their needs are just a little different than the usual students. First of all, they need housing. Secondly, they want contact with people, in a similar position as theirs. Special problems continue down a long scale of importance.

"This wasn't the intention of the Society at its outset," points out current Society President, Major Ray Call. "The organization had humble enough beginnings. It all started when 16 officers decided to form a social club. What they had in no way

resembled the present organization, and it didn't carry its present impressive title. It was simply called the "Bootstraps," Call said.

Then the snowball started.

Within four years the membership rose to its present 300 members. Because of the various needs of the "Bootstrappers," the functions performed by "The Society of the Pen and Sword" have increased from an occasional outing to the Offutt Air Force Base Officer's Club and a coffee klatsch for the wives, to an organized, extensive information service.

One of the services is the compiling and mailing of brochures containing information about O.U., cost of living and available housing in the Omaha Area. They also make available information both military and scholastic.

The Society hasn't stayed local. Inquiries come in continually from other campuses that have the Bootstrap program asking for ideas on how they can get a similar organization going. Two

active "Pen and Sword" affiliates are now going. They are at Mississippi Southern and the University of Maryland in Heidelberg, Germany.

A five dollar fee entitles members to a lifetime enrollment and the "Pen and Sword" pin. Enrollment is limited to members of the armed forces currently on extended active duty, current enlistment, or retired status now attending the University on a full-time basis.

OU Grapplers End Season With Split

Russ Gorman's Grapplers split a pair of matches last week end losing to Denver University on Friday 18-6 and winning against Adams State 19-8 on Saturday.

The two matches marked the end of the regular season for the OU squad.

They compiled a record of eight wins, five losses and one tie for the season.

Gorman said that Larry Covalciuc, Jack Benedict, Louie Miloni, Bob Tallman, Jim Howard, Wayne Backes, George Crenshaw and Arch Ferguson will be participating in the AAU Kellom Open Tournament in Omaha

5 Bootstrappers Golf Hopefuls

Eleven men have reported for the golf team so far, according to coach Bob Anthes. The team is holding workouts in the field-house nets.

Three lettermen are among the turnout. Former Central Inter-collegiate Conference individual champ Bob Julich is back, and so are Dick Socha and Robin Hill. Anthes says that five bootstrappers are trying out for the team and their effect will not be known for a while.

He said he is definitely interested in having more men out for the team and they can contact him if they wish to do so.

Omaha U Pucksters Down Offutt; Will Play Monday

Omaha University's hockey Indians opened the first of several "Amateur Hockey Nights" with a 9-4 victory over Offutt Air Base Tuesday, March 7. The Indians, who defeated Offutt earlier this month 8-1, seemed sluggish but were never in serious danger.

Mike Gross opened the scoring with the first of his two goals at 3:04 of the first period. With the score tied at 1-1, Omaha received its first penalty when Captain Gary Sindelar was assessed 2 minutes for "handling the puck."

Although minus a player, Omaha's Lee Noveski broke loose to score from ten feet, sending the Indians ahead 2-1 as the first period ended.

At 2:36 of the second period, Offutt made its last serious threat as a Flyer beat goalie Joe Sullivan to knot the score at 2-2. Up to this point Omaha's passing had been very erratic and its checking sloppy. Here the Indians came to life. Passing became

sharp and checking crisp as they displayed the brand of hockey that they are capable of playing. Jack Gross slapped in a couple of quick goals and Bob O'Toole hit for the first of his two as Omaha U rocketed ahead of the surprised Flyers 5-2.

Mike Gross and O'Toole added their second goals and Steve Dwyer sank a lone counter as Omaha moved ahead 8-2. Noveski closed out the Indian's scoring with his second goal of the evening late in the third period.

The next Amateur Night is scheduled for Tuesday, March 14. A team from Des Moines, Iowa, is traveling to Omaha and will be matched against the Red Wings with OU taking on the Rangers. Offutt will play a team to be announced later.

Omaha U will play Monday, March 13, immediately following skating with the game to get under way around 10:15 p.m.

Only 348 attended the game although many of them were University students.

OU Bowlers Defeat I State

A team comprised of OU intra-mural league bowlers won four out of five individual matches from Iowa State and went on to a 6-3 victory Wednesday, March 1.

Tom Doherty led OU bowlers with a 201-181-165 for a 547 series. Frank Tapy had 183-177-180 games for a 540 series. Al Kirk had games of 171-178 and 184 for a 533 series. Steve Cochran had a 514 series with games of 167-165 and 182, and Chuck Piper had a 487 series with games of 157-152 and 180.

The roll-off for the National Collegiate Individual Match Game Championships in Chicago is set for March 27 at the West Lanes. Those interested must be signed up in the intramural office in room 251 in the Administration Building by Friday, March 17.

In regular league action the same afternoon Theta Chi still remained in first place one game ahead of Tri Chi. Sig Eps are third with Lambda Chi still in fourth.

Al Kirk, TKE had high individual honors for the day with a 199 game and a 564 series.

Delta Zeta had the high team game and series at 695 and 2059 respectively.

In intrafraternity action Theta Chi took a four point lead over the Sig Eps. Lambda Chi is in third place.

The TKS won the intrafraternity volleyball championship Monday, March 6 winning three and losing none. Theta Chi was second with the Sig Eps third and Lambda Chi fourth.

How they finished.

	W.	L.
TKE	3	0
Theta Chi	2	1
Sig Eps	1	2
Lambda Chi	0	3

Intramural volleyball is set to start Monday, March 13. All those who wish to enter a team must be signed up no later than today in the intramural office.

Tennis Squad Has Blue Jay Transfer

Practice will start soon for the first tennis match here April 10 with Midland.

The team has two returning letterman, Dick Donelson and Lee Perkins. Coach Means said both boys played well last year. From last year's reserve team will be Lyle Franzen.

A transfer student from Creighton U., Jim Belitz, is expected to try for the top position.

Four others who have signed up are John Martin, Paul Milaglio, Bill Poppleton and Bob Ogden.

Some of the opponents will be Creighton, Doane, Drake, Iowa State, University of Nebraska, Midland, plus the Central Inter-collegiate schedule.

"It is difficult at this time to predict any record for the season," Coach Means said, "because we haven't practiced, but on paper we should have a fine team."

Earl Fielding, former Omaha University student, was named head of the physical department of the YMCA at Michigan City, Indiana.

Women's Rifle Club In Telegraphic Meet

A Telegraphic rifle meet will feature the Omaha University Women's Rifle Club against North Dakota State University next week.

In a telegraphic rifle meet, results of the competition are mailed by the contestants to their rival no later than midnight of the Monday following the match week.

Ten rounds will be fired from the prone, sitting, kneeling, and standing positions from a distance of 50 feet.

WRA Basketball

In Women's Recreation Association basketball competition last week, Unaffiliated triumphed over Alpha Xi Delta on Tuesday, Feb. 28; ISA defeated Sigma Kappa on Wednesday, Mar. 1; and Chi Omega won over Zeta Tau Alpha on Thursday, Mar. 2.

Next week's schedule will find Unaffiliated matched with Zeta Tau Alpha on Tuesday, Sigma Kappa will face Chi Omega on Wednesday, and Alpha Xi Delta will meet ISA on Thursday.

Arnold Air Names '61 Honorary Colonel, Permanent Honorary Colonel at Military Ball

Omaha University's Arnold Air Society named the 1961 AF-ROTC Honorary Colonel and a permanent Honorary Colonel at the 10th Annual Military Ball Friday evening.

Joyce Stolley was elected the 1961 Honorary Colonel by Arnold Air Society.

Miss Eva Swanson, AF-ROTC secretary, was presented with the title of permanent Honorary Colonel by the members of Arnold Air. Miss Swanson has been secretary in the AF-ROTC Department for 10 years. She was presented with an Angel's cape and hat.

Miss Stolley is a senior majoring in Home Economics. She is president of Alpha Xi Delta and president of the College Division of the Nebraska Home Economics Association. Miss Stolley is also a member of Waokya and was a member of Alpha Lambda Delta in her freshman and sophomore years.

Lieutenant Colonels Named
Marilyn Brunell and Gwen Sandvall were promoted to the rank of Lieutenant Colonel.

Dianne Barker, Georgia Clark and Pat Van Voorhis were named Honorary Majors.

Cadet Capt. Leonard P. Morrisey was selected outstanding Junior Cadet by Angels Flight.

Cadet 1st Lt. James J. Baber was named incoming Commander of Arnold Air Society. Baber replaces Commander Robert Everett.

New Angels Selected
The new Angels for the coming year selected by the Arnold Air Society are: Sandra Barry, Judy Brecher, Virginia Dyas, Jo Linda Felton, Carolyn Karre, Barb Kidwiler and Julie Klingforth.

Others named are: Margie Lawhorne, Beth Nelson, Linda Peterson, Earlene Timm, Toni Turnquist, JoAnn Volene, Marie Walter and Starr Weaver.

Gen. Hoag Special Guest
Special guest at the Military Ball was Retired Maj. Gen. Earl S. Hoag. The Omaha University AF-ROTC squadron is named after Maj. Gen. Hoag. The General and his wife came from Washington, D. C., to attend the ball.

Maj. Gen. W. K. Martin, director of personnel at SAC Headquarters, was also a guest of Arnold Air Society.

AF-ROTC Commander Bob Everett and Honorary Colonel Joyce Stolley relax in Parisian sidewalk cafe after intermission at the Military Ball.

Delta Sigma Pi Pledges Thirteen

Delta Sigma Pi pledged 13 new members last Friday.

New pledges are Alfred C. Ballinger, Professor Burwell Beaman, Clifford C. Buckingham, Larry Comine, Elray Doescher, Roger W. Hildreth, Ronald L. Johnson, Wayne V. Minikus, Robert Plagman, Lyle P. Sapp, Daniel L. Shaffer, Dean Ullerich and Jerry L. Young.

Traveling Secretary Speaks to Sigma K's

The Sigma Kappa traveling secretary, Polly Jo Green from Abilene, Texas, was guest speaker at the Sigma Kappa Activation Banquet March 5.

Lola Roberts was named Outstanding Pledge and Jan Meyers and Linda Strnad were recognized as the pledge and active with the highest scholastic average.

Shamrock Shuffle On St. Pat's Agenda

The highlight of Chi Omega's 12th annual Shamrock Shuffle, to be held March 17 in the Student Union ballroom, will be the presentation of the fraternity knights during intermission.

The knights and their fraternities are Dick Bock, Lambda Chi Alpha; Pat Shields, Pi Kappa Alpha; Kendall Brink, Sigma Phi Epsilon; Mike Landers, Tau Kappa Epsilon, and Larry Hill, Theta Chi.

Escorting the knights to the stage will be Kathy Planteen, Shirley Johnson, Sue Weidenhammer, Marsha Havlu, and Jackie Palmer.

The St. Patrick's Day event, scheduled from 9-12 p.m., will be decorated in leprechauns and shamrocks and will feature the Carl Jay Orchestra.

Ann Pence will serve as master of ceremonies during intermission. Entertainment will include a dance by Judy Boner and a skit.

Chairman for the dance is Sue Archer. Her co-chairmen are Shirley Wagner and Jo Linda Felton.

One greek card admits each couple.

Dr. Bethel Speaks To Kappa Delta Pi

The dinner meeting of Kappa Delta Pi was held in the Student Activities Center March 2.

Following the business meeting, Dr. Hollie Bethel spoke to the members on "Other Opportunities Besides Classroom Teaching."

Banquet Concludes 1961 Greek Week

Scholarship, outstanding pledge and intramural athletic awards will be presented at Omaha University's annual Greek Week banquet tonight in the Student Center Ballroom.

Dr. Ralph Wardle, head of the University English department, will speak to members of OU's fraternities and sororities and guests about "Progress" pertaining to Greek university life.

Tonight's banquet and dance starts at 6 p.m. It caps three days of mopping, dusting, patching, painting and cleaning the main lodge at Camp Brewster. Tuesday, Wednesday and Thursday, OU fraternity and sorority members combined skills rejuvenating the YMCA camp's lodge with fresh paint and elbow grease.

The activity called "Help Week" replaces what was formerly known as "Hell Week." Under the auspices of the United Community Services the Greeks direct their talents to construction rather than the destruction usually attributed to "Hell Week."

Rev. Costello Shows Slides of Catacombs

The Rev. M. Joseph Costello from Creighton University will show slides on the Catacombs at the Canterbury Association meeting Sunday evening.

Father Costello has studied at St. Louis University and at John Hopkins University.

The evening prayer service will begin at 6 p.m.

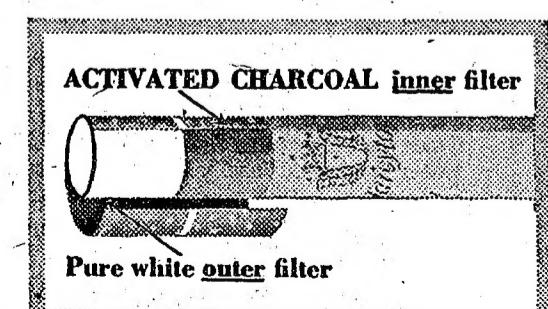

Tareyton delivers the flavor...

Here's one filter cigarette that's really different!

The difference is this: Tareyton's Dual Filter gives you a unique inner filter of ACTIVATED CHARCOAL, definitely proved to make the taste of a cigarette mild and smooth. It works together with a pure white outer filter—to balance the flavor elements in the smoke. Tareyton delivers—and you enjoy—the best taste of the best tobaccos.
